Color Scheme for Lola & Applegate

Black shoes

"Lola's Assistants" are cunning, fiery and an extension of Lola herself. They help her get WHATEVER she wants (Pun intended).

Tip: A neck scarf is the perfect accessory for this look.

Red, black and purple are Lola's signature colors. Any of these colors work perfectly for your top/blouse. Pants should be slim fit/tailored and be capri or ankle length. A skirt also works for these characters. All options for bottoms should be black. Shoes should be black as well. Be sure they are comfortable enough for your staging and choreography.
